

LINEAR HALOGEN MONO EMISSION BICUERPO

Mono emission projector. Two bodies articulated by a hinge: orientable emitting body and power supply body. For metal halide and R7s halogen lamps. Mono emission stucco aluminium reflector. Protective steel spiral for the cable. Electronic and electromagnetic control gear are admitted in the power supply body.

NOTE: ask for photometries.

Code: BC NEI 70

Bulb: Mercurio Halogenado

Socket: RX7s

Power: 1 x 70W

Voltage: 220V

Dimensions: 160 x 160 x 80 mm. each body

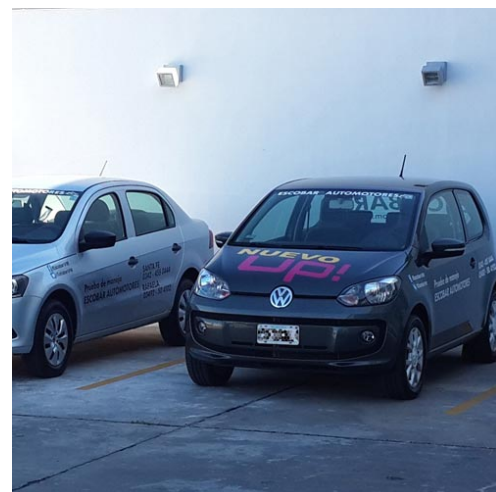

Colors:

Satin Grey

Texturized White

Texturized Black
